Tian Luo

luotian0125@gmail.com | luotian0125.github.io | Google Scholar

Education

Sichuan University *Chengdu, China*

Dual Bachelor's Degrees *Sep. 2024 – Jun. 2028 (expected)*

Mathematics and Artificial Intelligence **GPA:** 3.8/4.0 | **Rank:** 1/27

Research Interests

Large language models, **scalable physical intelligence** and **AI for Science**, with a foundation in theoretical mathematics and statistics. Current interests include LLM reasoning and generative AI. Open to research collaborations and PhD opportunities.

Research Experience

Institute for AI Industry Research (AIR), Tsinghua University *Beijing, China*

Research Intern *Feb. 2026 – Oct. 2026*

Advisor: Assistant Professor Kun Li

- **Agents for scientific discovery:** Exploring AI agents that support scientific reasoning and discovery in physical systems.
- **Microscopic physical intelligence:** Studying how physical intelligence can understand and reason about physical processes at the micro-scale.

Publications

† Equal contribution. ‡ Corresponding author.

Conference Proceedings

[C1] AtomWorld-Mem: Memory-Restored World States for Long-Horizon Atomistic Evolution
Tian Luo†, Ruge Zhang†, Haozhi Han, Yifeng Chen, Yunquan Zhang, Yunxin Liu, Ting Cao, Kun Li‡.
Conference on Neural Information Processing Systems (**NeurIPS**), 2026. [Paper]

Preprints

[P1] From Atomic Events to Material Degradation Across Metre and Year Scales
Kun Li†‡, Tian Luo†, Haozhi Han, Ruge Zhang, Yifeng Chen, Xinfu He, Yunquan Zhang, Ting Cao, Yunxin Liu.
Preprint, 2026.

Honors and Awards

National Scholarship 2025, 2026

Comprehensive First-Class Scholarship, Sichuan University 2025
